

Dear Commissioners, this is a note of clarification in response to WMFE's filing on 06/07/2011, entitled BALEDT-20110401ACW. On page 3 (and elsewhere), owners of WMFE claim that WDSC-TV offers PBS programming. While this may have been the case in the past, it will no longer be true. This month, WDSC could no longer afford PBS programming and will no longer be airing such programs.
